1. ☒ The amendment filed on 09 May 2003 under 37 CFR 1.312 has been considered, and has been:

a) ☐ entered.

b) ☐ entered as directed to matters of form not affecting the scope of the invention.

c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

d) ☒ disapproved. See explanation below.

e) ☐ entered in part. See explanation below.

The amendment filed under 37 CFR 1.312 does more than correct a typographic error as asserted by applicant, but changes the scope of the claims by adding "metal salts of carboxylic acids" to the Markush group of "stabilizers" recited in the claims. Since this amendment changes the scope of the claims and was not considered at the time of allowance, the amendment cannot be entered under 37 CFR 1.312.
